

BNP Paribas

International Trade Platform

Connexis Trade allows you to optimise the management of your international trade transactions through dedicated modules:

- Documentary credits;
- Documentary collections;
- International guarantees;
- Standby letters of credit.

Connexis Trade, an Internet platform, multi lingual, secured through data encryption, is customised at the user level.

An offer dedicated to the international trade transactions

Modular offer, Connexis Trade is dedicated to international trade transactions and fits your needs. At client level, administrators will be nominated. This Administrator will be in charge of the administrative management of the site (creation, definition of the ability of each user) which provide you more flexibility and confidentiality. Our Trade Customer Services will support you for any queries related to Connexis Trade.

Based on the 'Single Sign On' approach, you access to the full range of services to which you have subscribed. The navigation between the various modules is much easier.
